

Sample quote

Structured quote submitted against the sample brief · Illustrative example only

Submission summary

Trade	Example Electrical Pty Ltd — VERIFIED
Licence	Electrical contractor licence 00000 (checked against state register)
Insurance	Public liability \$20m and workers comp — certificates on file, current
Quoting for	Lot 14 Coorparoo — Electrical rough-in and fit-off
Submitted	9 September, 4:12pm AEST

The price

Quote amount	\$31,480 including GST
Pricing basis	Fixed price
Labour / supply	Labour and materials (excluding builder-supplied fittings)
Alternative rate	Additional power points beyond schedule: \$145 per point
Estimated start	Monday 6 October
Estimated duration	9 working days across two visits
Price valid	30 days from submission

Assumptions priced on

1	Frame complete and site weather-tight at rough-in attendance.
2	Builder-supplied fittings on site prior to fit-off.
3	Single continuous rough-in visit; no staged attendance.
4	Consumer mains run does not exceed 25 m from the point of attachment.
5	Switchboard position as shown on E-201 Rev B.

Exclusions

1	Energex connection fees and network application charges.
2	Supply of light fittings, fans and appliances.
3	Patching, painting or making good after chasing.
4	Trenching or boring for external supply.
5	After-hours or weekend attendance.

Notes to the builder

Priced from E-201 Rev B and the fixture schedule Rev B. If the EV charger is upgraded to three phase, the supply and switchboard allowance changes — happy to price that as a separate line. Testing, certification and as-installed documentation are included in the price above.

On BuilderTrade this quote appears beside every other submission on the same job, compared on amount, pricing basis, start date, duration, assumptions, exclusions and verification status.
